Dear Parents/Carers

I would firstly like to thank all members of our school community for your understanding and support during these challenging times. We have been keeping the school days as normal as possible for the children and they are responding well. However, we now know that we are closing on Friday 20th March and have taken steps to ensure that the education of the children continues.

We have produced a work pack for each child, which we are sending home tomorrow. The pack contains a range of tasks, based on activities that the children have already encountered in their lessons and is therefore aimed to consolidate their understanding not introduce new concepts; this is especially true in maths work.

If your child is not in school tomorrow, the pack will be available to collect from the office all day Friday. If however it is not possible to make a collection, please let us know and we will make different arrangements.

We understand that replicating the school day within the home environment will be a challenge. Therefore, the tasks provided will reflect what we consider to be achievable in both length and level of difficulty.

It is our intention to develop lessons beyond the initial week through an on-line platform. We are currently working on this and will contact you by email, website or scopy with details.

Thank you again for your understanding and support.

Chris Savage and Jamie Veness
